

Press Release

Full polyolefin range for medical and pharmaceutical applications

VELOX introduces Repsol's Healthcare® brand at FAKUMA

Hamburg, 18 October 2017.

VELOX GmbH is introducing Repsol, its new partner for pharmaceutical and medical applications, at this year's FAKUMA (booth 5001 in Hall B5). Repsol is one of the leading polyolefin producers in Europe. Having integrated the full range of Repsol Healthcare® polyolefins into its specialised product portfolio, VELOX offers added value to customers who are looking for a diversification of their sources – especially with regard to risk management required in the new European Medical Device Regulation (MDR).

“With over 40 years of experience, Repsol is a globally well-known producer of polyolefins. On the other hand, VELOX is very experienced in the medical and pharmaceutical plastics market in Europe and beyond”, highlights Siobhan Bastiansen, Market Manager Medical Plastics at VELOX. “Together, we are offering not only a unique portfolio of polyolefins but also qualified technical, commercial as well as regulatory support.”

Unique portfolio with PP, EVA, PE for pharmaceutical packaging and medical devices

VELOX provides medical polyolefins of the new Repsol Healthcare® brand – Polypropylene (PP), Polyethylene (PE) and Ethylene Vinyl Acetate (EVA) – for the following application fields.

Application Fields:

- **PP HOMO** Syringes, inhalers, medical equipment, closures, trays, bags ...
- **PP RANDOM** Syringes, inhalers, medical equipment, closures, trays, bags ...
- **LDPE** BFS monodose, Blister packs
- **HDPE** Bottles, Containers
- **EVA COPOLYMER** IV bags, tubing

The products meet European & US Pharmacopoeias (USP/EP) requirements.

VELOX offers Repsol's Healthcare® products in Austria, Belarus, Belgium, Czech Republic, Denmark, Finland, France, Germany, Hungary, Ireland, Israel, Luxemburg, Malta, Netherlands, Norway, Poland, Romania, Russia, Slovakia, Sweden, Switzerland, Turkey, Ukraine and United Kingdom.

At FAKUMA (booth 5001 in hall B5), VELOX' medical plastics team is looking forward to providing more insights on these new products as well as qualified advice on how to integrate them into the customer's value chain.
